To Perspective Circle of Good Minds Member(s):

This letter is being addressed to you due to your interest in becoming a perspective leader of Hekalu Ya UKUUNKI (HYU) Circle of Good Minds. HYU is an unincorporated, organized, self-supported, Universal Spiritual Temple. This temple acknowledges the Transcendent regardless of the various traditions embraced. Established in the star year of 411 (2012), for the restoration of an ancient spiritual foundation for studying & knowing the self.

HYU is building its house and seeking a leadership of Good Minds. The Circle of Good Minds operates as horizontal council of leaders understanding one head does not make a council. We are seeking Elders, Men and women (equal number), 18+, not seeking recognition. The basic responsibility of an Elder member is as follows:

Determine and continue organization's mission and purpose, Select elder members, Support elder member and assess their performance, Ensure effective organizational planning, Ensure adequate resources, Manage resources effectively, Determine, monitor and strengthen the organization's programs & services, enhance the organization's status

Any member on the Circle of Good Minds are expected to commit at least one year and contribute at least 10 hours of voluntary work per week.

HYU currently offers meditation, self health care & commune with other temples citywide. We are a Spiritual Life and Learning Society offering a spiritual community directory and spiritual life study classes.

You are invited to our monthly Meet and Greet on the 4th Wednesday of each month. Our upcoming meet & greet is February 27, 2019. To move forward and become part of HYU's Circle of Good Minds you may express your interest by filling out or requesting our [interest form](#) & setting up an appointment for orientation.

Our monthly activities & spiritual services are attached. The calendar reflects our upcoming activities from now until May. Hope you are able to attend some of our services.

Peace & Love
